Sir:

In reply to the Office Action dated **January 13, 2005**, requesting an election of one invention to prosecute in the above-referenced patent application, Applicant hereby provisionally elects to prosecute the invention of Group III, represented by claims 3 and 32. The nucleotide sequence represented by SEQ. ID. NO. 111, found in claim 3, represents an exemplary sequence for the examination of Group III. This election is made without traverse. This election is made without prejudice to or disclaimer of the other claims or inventions disclosed.

It is not believed that extensions of time are required, beyond those that may otherwise be provided for in accompanying documents. However, if additional extensions of time are necessary to prevent abandonment of this application, then such extensions of time are hereby petitioned under 37 C.F.R. § 1.136(a), and any fees required therefor are hereby authorized to be charged to our Deposit Account No. 19-0036.

Respectfully submitted,

STERNE, KESSLER, GOLDSTEIN & FOX P.L.L.C.
